2. Until 31 August, the 1954 production quota of the plant had been fulfilled by 73.2 percent. 25X1
3. In early October, the planned production of the KVD-125 submarine engine had not yet been started. Three crank shaft blanks, of 80 hundred weights each, have been stored at the plant since June 1953. The final assembly of the engines was to take place in building No 9. Several machines necessary for the final assembly were being converted.
4. In late September, it was learned that series production of the Pitty motor scooter was to be started in January 1955. 25X1
5. In early October 1954, a new heating plant was under construction at the northern guardhouse of the plant.
